

work carried out to hallway,
18-20th August 2016

Lysetta and Trevor
Bray
Stroud, Glos.
22nd August 2016

We contacted Dimitri at Exquisite Woods to discuss parquet flooring for our hallway, having been very impressed with the excellent reviews on their website. We are delighted to add our own review to these.

Our hallway, being long, straight, low and narrow, posed a challenge. We wanted to create a warm and inviting entrance for our home. Now that our beautiful new floor has been installed, we are amazed at the transformation. The quality of the floor and the workmanship are first class, and we now have a hallway to be proud of.

From the first appointment with Dimitri, the Director, to the final date of the work, we have been extremely impressed with the excellent service, professionalism and total reliability of the firm, and we feel that we have received a product and service that represents excellent value for money, combined with the highest quality.

The team who carried out the work arrived at exactly the time they said they would arrive, and the stages of the jobs that would be completed on each day were clearly explained to us in advance. The team worked extremely hard, took great care with every stage of the installation, and tidied and cleaned up at the end of each day.

To summarise, we cannot recommend Exquisite Woods highly enough! This is a thoroughly professional, courteous and efficient firm, and we are very pleased we chose them to install our new floor.

Thank you all! We are delighted!
